THE NEW YORK WORLD
THIRCE-A-WEEK EDITION
Read Wherever the English Language is Spoken.

The Thrice-a-Week World long ago established itself in public favor, and it is now recognized as the strongest publication of its kind in the United States. Advertisers and publishers seeking clubbing combinations—and they know best—universally testify to this. It is widely circulated in every State and Territory and in the Union, and even in remote South Africa and on the gold fields in the deserts of Australia. These are the things that tell.

Next year we have the Presidential campaign, in which all Americans are deeply interested. Already the issues are being discussed and the two great parties are preparing for the first moves. You will not want to miss any details and if you subscribe now your year's subscription will cover the campaign from beginning to end.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, the Democrat and Republican alike can obtain in its pages truthful accounts of all the great political contests.

In addition to all the news, the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Clarksburg Weekly Telegram, together one year for \$1.65.

K: OF P. TRIENNIAL CONCLAVE

In San Francisco Next September Will Be An Occasion of Great Brilliance, Profit and Pleasure.

The Knights of Templar who will at-tend the Triennial Conclave in San Francisco next September and all those who will accompany them on that pil-grimage, may look for the most cordial reception and the most lavish entertain-ment ever offered by any community to a gathering of this kind. The Californ-ians—all the Californians—have been studying, planning and preparing for the coming event for the past three years, and their plans are of such stupendous and gigantic nature, as to eclipse any entertainment ever attempted by a frater-nity, or even a whole community. San Francisco is peculiarly adapted for a great demonstration, parade, drill, or any out-of-door exercises or gatherings, because the weather may be relied upon for fully eight months in the year. Even on the way and before reaching San Francisco, the pilgrims will be met at the depots where the trains stop, and given an ovation. Committees will meet each incoming train on approach-ing the city by the Golden Gate and oc-cupancy the travelers to their destina-tion. The escort on arrival at the de-pot, by mounted and unmounted details of Sir Knights in uniform, with unfurled banners and bands of music, will be quite a feature. The city will be ablaze with lights that will make night brighter than mid-day. The decorations will surpass those of any city on the con-tinent in attractiveness. The Grand Commandery of California will entertain at the Palace Hotel, and California Commandery, No. 1, together with other commanderies, will keep continuous open house in the Mechanics' pavilion, a structure that will accommodate 15,000 people. An exhibit of California's wealth, from valley and hills, mines and or-chards, vineyards, forest and field, will be installed beneath the same roof. The entertainment will include free ex-cursions on ocean liners around the Bay of San Francisco, to all the points of in-terest, and outside the heads as far as the Farallone Islands, steaming around the Seal Rocks, the harbor fortifications, United States Arsenal, Naval Training School, the great shipbuilding plants and famous ironworks; trolley rides to Golden Gate Park, with its hundreds of acres in flowers at all seasons, its great conservators, aviary, zoo, lake and the museum containing the rarest treasures on the American continent; the Sutro Baths, the largest under a glass roof anywhere; the Cliff House, built on a perpendicular cliff overhanging the open beach of the Pacific Ocean. All these are free to all visitors. Chinatown, a real part of the Celestial Empire, right in the heart of an American city; the offices, pressrooms and editorial depart-ment of the only Chinese newspaper published outside of China; nightly per-formances of a troop of Celestial actors and a Chinese orchestra, and one thou-sand and one other novel sights, startling to the visitor, but common to California. The famed natural wonders of California surpassing in grandeur the great sights of the rest of the globe, can be reached within one day's journey, and at a nominal cost, and, while not entirely free, the expense is within the means of al-most anybody who comes to California. Living is cheaper in California than any where else on earth, and it is much bet-ter for the same price. San Francisco is prepared to house comfortably 200,000 visitors, share with them the ample blessings of the Golden State, at a nominal expense, and make them wish that they could tarry forever.

CITY COURT.

Nine prisoners took up the time and attention of Mayor Shields in police court at the regular session Tuesday morning. Anna Lanham was up for loitering on the streets. She was fined three dollars and costs and in default was sent to jail for three days. The other eight prisoners pleaded guilty to the charge of being drunk and were fined three dollars and costs each. One paid up and was released and the other seven were committed to jail for three days each.

Y. M. C. A. NOTES.

The regular monthly meeting of the Women's Auxiliary will be held in the parlor Wednesday, June 8, at 3.00 p. m. A full attendance is desired.

Both senior and junior gymnasium classes are having special drills this week in preparation for the exhibition on Thursday night in the opera house. The people of the city who attend the exhibition will no doubt be greatly sur-prised at the wonderful progress the boys and young men have made in a little over one month of special train-ing.

INFANT DIES.

An infant child of Mr. and Mrs. Sey-more Wadsworth, of Adamston, died Monday. The funeral occurred from the home Tuesday afternoon at 1.30 o'clock and burial was in the Hepzibah cemetery.

SHOW AT FLEMINGTON.

The Kelley circus under the manage-ment of the Mitchells, the well known showmen, will exhibit at Flemington to-night, at Berryburg tomorrow night and at Philippi the next night. The attend-ance has been good everywhere they have exhibited, considering the weather.

PYTHIANS AT BRIDGEPORT.

The institution of a lodge of Knights of Pythias will occur at Bridgeport to-morrow night. There will be at least twenty initiations. Twenty Knights from this city will go down on the evening accommodation and do the work.

HOW HYOMEI HELPS THE HEALTH.

Kills the Germs of Grip, Catarrh and Colds, "Costs Nothing If It Fails," Say Sturm & Co.

Now that Hyomei can be obtained in nearly every town and city in the country, it is possible to buy from druggists a health giving climate, to be carried in the purse or pocket. By breathing it a few minutes four times a day you can soon cure grip, coughs, colds and even the worst and most chronic cases of catarrh.

Sturm & Co. have seen so many re-markable cures made by the Hyomei treatment that they sell it with the positive agreement to return the money if it fails to cure.

A complete outfit costs but \$1, and consists of the pocket inhaler, medi-cine dropper and sufficient Hyomei to last several weeks.

It effects a cure in the worst catarrhal troubles and if breathed at the com-mencement of a cold or the grip, will check it quickly and prevent sickness. Extra bottles of Hyomei can be obtain-ed for 50 cents.

When breathed through the inhaler, the germ killing and health giving Hyomei goes to the most remote parts of the throat and lungs, killing all the catarrhal germs, soothing the irritated mucous membrane and vitalizing the blood with ozone.

At this season of the year, every one should have a Hyomei outfit to prevent and cure catarrhal troubles, and ward off attacks of grip, pneumonia and sim-ilar germ diseases.

RESPLENDENT WITH SUCCESS

Was the Music and Elocutionary Enter-tainment by Broadus Institute At Baptist Church.

The music and elocutionary depart-ments of Broadus Institute gave an entertainment at the First Baptist church Monday night that was respec-tably successful in every particular and which added fresh laurels to those de-partments.

The attendance was especially pleas-ing, considering the bad weather, and the audience was highly appreciative, as well it might be on account of the very interesting program rendered in capable and clever manner.

The program as formerly published was observed and consisted of piano per-forming, vocal music and reading. Those who participated were—Marian Flowers, Vadora Dean, Bessie Good, Lodo Cum-mings, Bess Osborne, Gussie Belle Lowe, Lena Bartlett, Hattie Wilson, Bertha Bush, Bessie Swager, Georgia Garrett, Blanche Robbins, Ionia Smith, James Boyle, Fleming Holden, Isaac Kelley, Forrest White and Charles Thompson.

The respective numbers of the pro-gram were executed in highly creditable manner and it would be a matter of close distinction to say who did the best work on the platform. Suffice it is to say that all displayed not only much natural ability but also a great amount of careful training, and they together with the instructors of those depart-ments are to be congratulated for the eminent success of the evening.
